

School Choice and OneApp Support

Finding and enrolling your child in the right school shouldn't be so stressful. EdNavigator can help.

CLARIFY YOUR GOALS

Every student is different, and the right school for one child may not be the right one for another. We'll start by asking what *you* want and helping you define your priorities.

UNDERSTAND YOUR OPTIONS

Our Navigators visit schools every day and analyze data on school performance on a regular basis. We can offer insights based on other families' experiences and help you narrow down your search.

SET YOUR STRATEGY

What's your backup option if your first choice doesn't work out? In what order should you list your preferred schools in OneApp? When's the best time to try to make a transition? We'll guide you in crafting a clear plan.

NAVIGATE THE PROCESS

Paperwork. Deadlines. School tours. Online systems. We'll make sure you know how to apply, what to do when, and help you stay on top of it all.

MAKE THE TRANSITION

Changing schools isn't easy for kids (or parents). We can offer advice on transferring records and ensuring the transition is as smooth as possible for your child.
